CHRIST THE KING
SIXTH FORMS

christmas gift appeal

CTK is excited to announce that it has teamed up with East Kent Colleges Group (EKC) in a Christmas Gift Appeal. The campaign hopes to collect gifts and raise money for our chosen charities: Demelza Hospice, Refuge and the St Vincent de Paul Society. You can learn more about our Christmas Gift Appeal below or visiting the CTK website <https://www.ctk.ac.uk/christmas-gift-appeal/>

We will be collecting donations of toys, Christmas presents or donations to ensure that those in need still get to experience the joy of receiving something special this Christmas.

CTK Principal Shireen Razey says; "Our students are keen to make a difference in the local communities where they live and work, many of which have been affected by the pandemic. Our sixth forms do a lot of work supporting charities, and we all wanted to make the festive period special for young people who have experienced such hardship this year".

If you would like to donate to the campaign, you can drop presents off at CTK St Mary's in Sidcup, CTK Emmanuel in Lewisham or CTK Aquinas in Brockley.

Suitable donations

The charities are only able to take **new items, sealed in their packaging**. The items they can accept are:

CTK PRAYER

God of Love

As members of the Christ the King Sixth Forms family we ask for your continued blessing upon our work and study. You are the source of all truth and wisdom.

May we experience in full the Life that you offer us each day, to become the best that we can be.

Let no distractions or fears prevent us from trusting in your endless care for us.

Shine your Light into our lives that we may become brighter beacons of faith, hope and love in our community.

We make this prayer through Christ the Lord.

Amen.

GEOGRAPHY FIELD TRIP

On a field trip to Beckenham Place Park, students followed the route of enquiry as they investigated elements of the carbon cycle and water cycle in an environment. They generated their own key questions and aims for their day, using sampling methods and identifying control measures for hazards. They then collected data in the field for the calculation of carbon, flows and transfers in an environment. Students have gained an understanding of the techniques which can be used to measure carbon and water, as well as being able to identify the limitations of their fieldwork.

PETER HERBERT O.B.E

He has appeared regularly on national and international news current affairs channels such as BBC TV News, CNN, BBC Question Time, Sky News, BBC Newsnight, and helped produce documentary programmes as a human rights barrister and as Chair of the Society of Black Lawyers. He has also written for The Guardian, The Times, The Independent and The Voice newspapers and been reported extensively in publications from the USA, Japan and most recently, in Sicily.

His advice to students was to work hard for their goals and to be aware that there are still barriers to progress based on ethnicity and gender, but we as a society can help to overcome them if we all work together and do not ignore the issues!

Law students at CTK ST Mary's were delighted to have an online talk with Judge Peter Herbert O.B.E. Peter explained to students how he was called to the Bar in 1982 and that his professional career has involved a number of high profile human rights cases, both here in the UK and internationally. He was involved with representing a wide range of clients and high profile cases from the Victoria Climbié case through to the Kamlesh Bahl employment case to appearances before the International Criminal Tribunal for Rwanda (ICTR). He also appeared at the European Court of Human Rights in Gregory v The United Kingdom.
