**CTK ST MARY'S**  
A CHRIST THE KING SIXTH FORM

# Prospectus

## 2024-2025

A SIXTH FORM CENTRE FOR EXCELLENCE

# Welcome to CTK St Mary's

If you are looking for an aspirational place to study, where you can choose from a wide range of 27 academic or vocational courses, then our sixth form centre for excellence in Sidcup is the right place to help you achieve your goals and ambitions.

Here at CTK St Mary's, you will gain access to extensive pastoral support and a range of graduate programmes to suit you. You will join other ambitious students, all working towards the same goal.

Our A Level, BTEC and T Level students benefit from outstanding university progression, many to leading institutions, including Russell Group universities.

All our students follow specialist graduate programmes which are specifically designed for their choice of subject and ability, including the Advanced Graduate Programme, for our most able students. You'll be encouraged along the way with caring and supportive pastoral staff who will set challenging learning targets to ensure you achieve what you are truly capable of.

You will benefit from excellent teaching in A Level, BTEC and T Level subjects, tailored to meet your needs. We focus

on what really matters – the quality of teaching and learning and inspiring you to reach your potential.

Staff and student wellbeing is at the heart of everything we do and is enshrined in our mission statement. Led by our site principal Mrs Camilla Crampton, CTK St Mary's is an innovative, prestigious and highly regarded sixth form, where we promote wellbeing, environmental sustainability and purposeful social action alongside our Catholic values. Our mission, vision and ethos will ensure you develop outstanding personal qualities, attributes and opportunities. In line with our motto "Ut Vitam Habeant" you will go on to live your life in all its fullness.

Once you graduate from CTK St Mary's, you'll feel confident about going out into the world and being the best you can be. Welcome to CTK St Mary's!

**Mrs Shireen Razey, Executive Principal**

Mrs Shireen Razey  
Executive Principal  
CTK Sixth Forms

Mrs Camilla Crampton  
Centre Principal  
CTK St Mary's

"I enjoyed the freedom of studying at CTK. I felt like I was able to learn about my subjects instead of being taught to memorise things for a test. My greatest achievement was receiving offers from every university I applied to. All my teachers have been very invested in my learning and have gone out of their way to help me, giving me resources to learn about my subjects outside of the curriculum.

I am now going to study History at University of Oxford."

**Dami – A Level History (A) Sociology (A),  
Religious Studies (A), EPQ (A\*)**

Centre Principal  
Mrs Crampton  
with students at  
CTK St Mary's

“My perspective of what my future could look like has broadened thanks to CTK, and now I’m studying English Literature at the University of Cambridge. I was inspired by meeting past alumni, attending networking events and advice about a range of career pathways. I’m so happy to have been awarded a £15k Metric Capital scholarship towards my costs of living at university.”

**Temitope – A Level English Literature (A), Media Studies (A), Sociology (A\*), English Literature at Cambridge University**

## OPEN EVENTS

Book your place at any of our events or for more details visit [ctkstmarys.ac.uk/open-events/](https://ctkstmarys.ac.uk/open-events/)

We will be holding open events throughout the year – please check our website for latest information.

# Be **INSPIRED**

You will feel inspired, talented and excited about your future at CTK St Mary's. Learning alongside like-minded, ambitious and hardworking students, you will benefit from high quality teaching in a warm, friendly setting.

“CTK has helped me challenge myself academically. From the academic demands of the Extended Project Qualification, to working closely in small groups with specialised tutors who are experts in their subject, I have learned to be academically resilient, and goal driven. Support from my teachers and peers has enabled me to achieve great things whilst being part of this amazing sixth form. CTK has always encouraged me to aim high. I achieved A\*A\*AB and have been accepted at University of Oxford to study Engineering Sciences.”

**Tony – A Level Maths (A\*), Physics (A\*), Further Maths (A), EPQ (A), Fine Art (B)**

When you leave St Mary's, you will have the confidence and ability to progress to university and pursue your dream career.

## **Choosing the right course**

There is no one size fits all when it comes to your career and your future. That is why you can choose from a wide range of A Level, BTEC and T Level courses at CTK St Mary's. Whichever route you choose, you will be aiming to study at one of the UK's top universities.

## **A Levels**

If you enjoyed your GCSEs and would like to continue with the range of more traditional subjects you have been studying, A Levels could be a good choice for you. A Levels are essential for certain career routes and still required by some universities, such as Oxford and Cambridge.

## **BTECs and T Levels**

If you want to specialise in a single subject that you really enjoy, advanced BTECs or a T Level are both great options. You will achieve UCAS points in the same way as A Levels, ensuring you have lots of university options to choose from. Almost 87% of vocational level 3 students at CTK go on to universities, including prestigious Russell Group institutions.

## **Apply to the best universities**

You will be encouraged to apply to top universities and will be given tailored help with UCAS applications and interviews.

To help you choose the right university, you will hear talks from graduates and undergraduates, as well as attending the annual careers conference. This is a great opportunity to network with representatives from top universities and colleges in the UK.

## **External speakers**

Our external speaker programme brings more than 30 specialists in their field to our Christ the King Sixth Form centres each year. Previous speakers have included Sir Ian Cheshire (Chairman of Barclays), David Thompson (film producer) and Gary Gibbon (Channel 4 News Political Editor).

“CTK isn't just a place for learning. It's also a place where strong relationships are built between students and staff to ensure everyone is the best possible version of themselves and strives to achieve their best.”

**Jade – A Level student**

## Be connected

Thanks to our strong links with employers and businesses, you will attend talks from visiting industry speakers and have opportunities to do work placements at top City companies. You can attend a variety of expert guest lectures, featuring corporate lawyers, barristers and executives from companies such as HSBC, BP and BT.

Other exciting opportunities include professional mentoring programmes with the EY Foundation, Barclays and Urban Synergy.

Many of our influential alumni take time to visit us and inspire our current students. Some of our successful former students sit on the Christ the King Local Board, providing valuable insight into a diverse range of industries.

## Elevate Mentoring Programme

The Elevate Mentoring Programme was created by CTK alumnus Trevor Gomes, who is now a Digital Analytics Specialist at Vodafone as well as CEO of RISE and Director of Elevate. Trevor also sits on our Governing Body as our Careers Link.

The Elevate programme provides you with the skills, knowledge and experiences for higher education and the world of work. Trevor and his team run programmes for our students such as personal branding and employability coaching.

## Be talented

You will be joining a warm, friendly community of like-minded people

where you will be encouraged to get involved in sixth form life. You can choose from the debating club, fashion group, college band, coaching awards and volunteer societies, to name a few.

You will have opportunities to discover or develop your interests and talents and have a great time. Extracurricular activities to choose from include: Drama, Media, Business, 3D Animation, Dance and Music.

Some of the activities that you can get involved in include:

- Community projects, such as helping in primary schools and hospitals.
- Residential visits and overseas trips.
- Work shadowing and volunteering experiences.
- Retreats and pilgrimages.
- Expeditions to places such as Kenya, Alaska and the Tien Shan mountains.

“If you want to be academically challenged and socially enriched – then I would recommend CTK. It is very diverse – not only in terms of race and culture but also in the beliefs and values of its students. I won an internship through the charity Urban Synergy. I’m going to study Political Science at the University of Bristol.”

**Ava – A Level Geography (A\*),  
Economics (A),  
English Literature (A)**

“CTK helped me stay motivated and made me realise my potential by giving me access to the Advanced Graduate Programme.”

# Be **SUCCESSFUL**

Stand out from the crowd with our unique graduate programmes. These are specially designed by CTK to harness your talents, tailored to your subject matter and ability, and guaranteed to help you shine.

## **Advanced Graduate Programme – High Achieving A-Level students**

You will be challenged to achieve high grades at A Level with our Advanced Graduate Programme (AGP). You will graduate with the skills and qualifications you need to progress to a prestigious university, attending wider learning events at leading universities and joining our Fast Track programme.

You will be part of a tutor group with fellow AGP students just like you, who are high achieving and have similar aspirations. You will learn leadership skills through the ambassador programme, the Duke of Edinburgh Award and other wider learning opportunities. You will undertake the Extended Project Qualification (EPQ), which develops your academic and critical thinking skills and is recognised by universities.

## **Professional Graduate Programme – BTEC and T Level students**

If you are studying a Level 3 course, our Professional Graduate Programme will give you tailored support and access to professional opportunities to complement your studies.

You will gain additional professional qualifications, which will give you a competitive edge when making university or job applications. You will access a bespoke progression and careers programme, and gain specialised support.

## **Extended Graduate Programme – A Level students**

Your learning will be enriched through our Extended Graduate Programme, which provides high quality learning experiences both inside and outside of the classroom. It is designed to equip you with the skills and qualities you need to succeed in your studies and compete for the top university places or employment/training opportunities.

You will be part of a bespoke careers programme to help you understand where your interests and capabilities lie with the guidance of a specialist tutor. You will take part in events and visits which will support your learning and achievement, as well as your personal development.

## **Aspiring Graduate Programme**

Find out about our Aspiring Graduate Programme on page 30.

“I was delighted to receive the CTK award for Maths. My teachers have been outstanding throughout my time at Sixth Form. They are always so helpful and caring, and the careers support I have received has helped me gain a place to study Investment Banking at Birmingham University.”

**Daniel – A Levels in Maths (A), Economics (A) and BTEC L3 IT (Distinction\*)**

### Set challenging career goals

You will be inspired at our Careers conference, which provides an excellent opportunity to explore your options. Whether you are an aspiring engineer, banker or entrepreneur, this event will give you the chance to meet experts in your area of interest and discover more about how you can achieve your goals.

### Excel with our support

You will be given extensive academic support outside of your lessons, including subject-specific workshops, help with homework, coursework or revision, and study skills sessions

Your study programme will be timetabled around your needs and your personal tutor will stay with you throughout your time here. They will regularly review your progress, help with any difficulties, and work with you to set achievable goals.

### In 2022 CTK students went on to over 70 university destinations. At CTK St Mary’s these included:

- A. King’s College London**
  - Nursing
- B. Loughborough University**
  - Mechanical Engineering
- C. Oxford University**
  - Engineering
- D. Queen Mary University of London**
  - Engineering with Foundation
  - Business Management
- E. The University of Manchester**
  - Children’s Nursing
- F. The University of Nottingham**
  - Nursing
  - Engineering and Physical Sciences
- G. The University of Sheffield**
  - Biomedical Science with a Year in Industry
- H. The University of Warwick**
  - Biomedical Science
- I. University of Cambridge**
  - Foundation Year in Arts, Humanities and Social Sciences

- J. University of Southampton**
  - Biochemistry
- K. University of York**
  - Business and Management
  - Social Work

# Be the **BEST** you can **BE**

You will be empowered to achieve your full potential with our combination of academic excellence and exceptional pastoral care. You will be inspired to succeed both academically and as a person, learning the important life skills of resilience, confidence, courage and creativity.

**G***RIT*  
**R***ESPECT*  
**A***WARENESS*  
**C***URIOSITY*  
**E***NDEAVOUR*  
**S***ELF-CONTROL*

At CTK  
St Mary's,  
we will:

- **Encourage** you to be ambitious and high achieving.
- **Challenge** you to be resilient, confident, creative and courageous.
- **Educate** you to be articulate, curious, reflective and capable.
- **Support** you to develop the virtues of loyalty, respect, care and commitment.
- **Inspire** you to live principled, moral and dignified lives.

This ethos is fully supported through the work of our Chaplaincy, where the team will celebrate with you in times of joy and listen or advise you in times of difficulty. You are always supported at CTK St Mary's.

## **Character Education Programme – The CTK Graces**

Through our character education programme, The CTK Graces, you will develop the traits and attributes you need to be discerning and to thrive in the highly competitive world that awaits you. You will take part in a learning programme that invites you to consider the personal, spiritual and moral issues you will face in the future.

“I love the diversity and shared academic ethos of my peers. Classes are warm and welcoming as well as academically ambitious and supportive. I valued being part of the Elevate professional mentoring programme and winning the governance award for my role on the Partnership Advisory Board as a student governor. I was recently awarded a £15k Metric Capital Scholarship. I am going to study Physiotherapy at Essex University.”

**Jason – A Level English,  
PE, Biology**

## Learning Resources Centre

Our Learning Resources Centre (LRC) is a silent, independent study area, managed by a team of specialist staff, with extended opening hours to support you. It has computer, printing and scanning facilities for your use. It also provides access to individual study guides for each subject, more than 10,000 books, digital resources and online learning materials, specialist journals, periodicals and newspapers, and an audio-visual room.

## Facilities at CTK St Mary's

- Two media suites with digital editing and recording facilities.
- A recording studio – including mixing, editing and recording facilities.
- A suite of specialist art, design and technology rooms, including two networked suites of Apple Mac computers.
- Four fully equipped science laboratories.
- Numerous dedicated student support areas.
- Eight networked computer rooms.
- A Chaplaincy area including a Chapel and Chapel common room.
- A fitness suite and sports teaching area with modern changing rooms.
- A modern canteen.

## If you enjoy sport...

You will love our on-site sports centre, named after CTK alumnus and Team GB Gold Medal winning athlete, Lorraine Ugen. It includes:

- A new **£2 million** indoor sports hall
- An open, spacious sixth form in leafy **Sidcup** surrounded by playing fields.

Many of our students achieve team and individual success both at

county and international level. We host regular visits by accomplished athletes.

There is a sport for everyone at St Mary's, including:

- Aerobics • Football
- Volleyball • Badminton • Cricket
- Basketball • Skiing • Netball
- Cross-country • Weight training
- Tennis • Boxing • Table-tennis
- Fitness training.

## Sustainability

At Christ the King Sixth Forms, we prioritise environmental strategies and sustainability. Our initiatives include reducing our carbon footprint, promoting eco-friendly practices, and leading environmental projects to raise awareness in our community. We received the Eco-Schools Green Flag Award with Distinction for our efforts.

Our Sustainability Development Project focuses on providing training facilities in green STEM areas, featuring solar panel and heat pump technology.

Our students' winning idea in the IKEA X Let's Go Zero Competition involves creating an Eco Hub as a workspace for students, the local community, and schools to enhance sustainability understanding and application. We aim to inspire students, staff, families, and the community to join our sustainable journey.

# Entry Requirements and Essential Information

Each Christ the King Sixth Form has a distinct environment and set of unique opportunities for its students.

CTK St Mary's is a Catholic Sixth Form where the values of honesty, integrity and mutual respect are central to our work. We welcome students from every faith, and none.

Our students, who come from a wide range of backgrounds, are united by our strong sense of community and their individual desire to achieve. You will find here a warm, friendly and supportive community where you will be truly valued as an individual.

## Parent feedback

Parents are encouraged to be involved. Formal reports are produced five times a year and we host regular parents' evenings so that you and your family can discuss your progress, ask questions and respond to your tutor's comments.

## Dress code at St Mary's

When you join CTK St Mary's, you and your fellow students will be expected to wear business-like attire.

Plain black, dark grey, navy blue or dark brown formal, business-like suits are required (tailored trouser or skirt). A jacket is optional – a plain dark jumper or cardigan can be worn as an alternative.

Coloured shirts or blouses are acceptable if suitable for a working environment.

This is intended to support you in making appropriate choices as you prepare for work or the next stage of your education journey. Some subjects may require you to wear clothing relating to your subject – for example sports students will wear a CTK tracksuit.

## Students with additional needs

For students with additional needs, or where English is not your first language, we have a dedicated learning support area with experienced staff. Once your application has been reviewed, we will contact you to discuss your needs so that we can make all reasonable adjustments to help you succeed.

## Entry criteria for CTK St Mary's

### A LEVELS

- Minimum five GCSEs at grade 9-5
- English and Maths at minimum grade 5
- To study A Level Maths, English, Sciences or French, you must have a grade 6 in these subjects at GCSE

“My teachers have given me a lot of pastoral and academic support. The atmosphere of co-operation in the classroom and my relationship with my peers makes it easier to learn and ask questions. I have learnt to ask for extra work and to have the drive and assurance necessary to be a high achiever. My grades are far higher than I anticipated, and I think is a great achievement!”

**Nelly studied Business at Warwick University after achieving A Levels in French, Psychology and Business**

## BTEC LEVEL 3 PROFESSIONAL GRADUATE PROGRAMME (PGP)

- Four GCSEs at grades 9-4, including Maths and English
- Minimum grade 4-4 in the Sciences for Applied Science

If you show determination, hard work and a desire to succeed, yet you don't yet meet these entry requirements, we have a range of programmes to help you excel in our nurturing and aspirational environment. Please see page 30 for other routes.

## T LEVELS

CTK St Mary's has been selected to offer T Levels in Education and Childcare, Health and Business. T Levels are a brand-new, 2-year qualification that will give you a head start towards the career you want. T Levels have been designed in partnership with businesses and employers to give you the skills and knowledge to succeed in the workplace. See pages 26-27.

# Our Chaplaincy

**CTK St Mary's has a Chaplaincy team on hand to support you in your day-to-day life and your journey of faith, whatever your faith may be.**

The Chaplaincy team, inspired by the life and teachings of Jesus Christ, are there to accompany you in times of joy or difficulty by providing a listening ear, and to help you develop spiritually.

The spacious and comfortable Chaplaincy is a hub for social activity, open to all students from all faiths and none – you can drop in and relax, meet friends or take part in activities. The beautiful adjoining chapel is a place for prayer and worship. You can visit the Chapel as a quiet place for some peace and space for reflection. Chapel

services include a weekly Mass and on Holy Days throughout the year.

The Chaplaincy team meets regularly with 10:10 student Chaplaincy representatives to discuss issues, plan events, and contribute to Liturgies. You can sign up to be Chaplaincy representatives – a great role to help you grow in confidence, develop leadership skills and to make a difference. You will receive support and training, as well as experiencing retreat opportunities.

“I have felt well supported in terms of opportunities and outlets for prayer and reflection.”

“Our Chaplaincy is the heart of our Sixth Form. It's a place where all students can meet and form new friendships. I enjoy coming to this space due to its calm atmosphere and there is always staff to talk to.”

## A Level Courses at CTK St Mary's

If you enjoyed your GCSEs and would like to continue with the range of more traditional subjects you have been studying, A Levels could be a good choice for you. A Levels are essential for certain career routes and still required by some universities, such as Oxford and Cambridge.

• Art (Fine Art)	12
• Biology	13
• Business	13
• Chemistry	14
• Criminology	15
• English Literature	15
• French	16
• Geography	17
• Graphic Communication	17
• History	18
• Information Technology	19
• Maths	19
• Media	20
• Photography	21
• Physical Education	21
• Physics	22
• Politics	23
• Psychology	23
• Religious Studies	24
• Sociology	24

## ART A LEVEL

This A Level in Fine Art leads naturally to careers in art, graphic communication, fashion, advertising and product design.

Fine Art is also useful if you are considering a career in such fields as architecture, marketing, publicity, arts administration, animation and the media. Fine Art is particularly advantageous if you are seeking to progress onto a foundation diploma in art and design.

part of your fine art course. As part of the personal investigation component of the A Level, you will be required to produce a minimum 1000 word critical study. At the end of the course your work will be displayed at the annual art exhibition, which celebrates the creativity of our learners.

### CONTENT

You'll explore a range of creative practices including painting, mixed media, sculpture and print-making. Drawing is an essential skill for studying this subject and forms an integral part of Fine Art practice. You will use drawing to record and analyse the observed world, to explore ideas visually and to find new ways of expressing your thoughts and feelings. You will also learn how to use sketchbooks as a creative journal in order to document your own creative process. Gallery and research visits will be an essential

### ENTRY REQUIREMENTS

Please see the general entry requirements for CTK St Mary's on page 10. If you have not studied the subject at school but wish to be considered for the course, you will need to provide evidence of your ability and interest in the form of a sketchbook/portfolio at your interview.

### ASSESSMENT

Coursework and controlled assignments. You will also be required to produce a portfolio of coursework and separate controlled assignment.

## Hannah – A Level Biology (A), Chemistry (A), Maths (A), EPQ (A\*)

“Being a part of this sixth form community has been nothing short of an amazing experience. CTK is an amazing community that gives each pupil an opportunity to learn and thrive as an individual. The active nature of learning, coupled with the availability of opportunities to be academically stretched and challenged, ranging from the Extended Project Qualification to writing scientific essays, have made it easier for me to move from just learning to properly understanding the concepts behind the various topics. I have received immense support from my teachers, enjoyed extracurricular activities, and been part of a friendly community. One of my favourite things has been taking part in activities that support charities to make a difference in the community.”

## BIOLOGY A LEVEL

An A Level in Biology can open the door to a wide variety of careers. Depending on what you study at university, you could go on to become a doctor, a lab technician, a forensic scientist or even a teacher.

### CONTENT

You will find Biology to be a stimulating and challenging subject that encourages you to work to a high standard, thus developing your analytical skills. You will gain an understanding of the various areas within the subject and how they relate to each other. In addition to this, your knowledge and understanding of different scientific methods will be strengthened.

Your A Level Biology course will further develop your mathematical, practical and analytical skills, which will help prepare you for the work and higher educational fields. You will develop your practical skills while studying foundations in Biology, exchange and transport, biodiversity, evolution and disease, communication, homeostasis and energy, genetics, evolution and ecosystems.

### ENTRY REQUIREMENTS

In addition to the general entry requirements for CTK St Mary's on page 10, you will also need either GCSE Biology or GCSE combined Science at grade 6 or above.

### ASSESSMENT

You will be assessed by examination at the end of each year of your course.

£92,353

**The average salary for a GP**

Source: Glassdoor, May 2023

## BUSINESS A LEVEL

An A Level in Business can be the starting point to a range of careers – from accountancy to marketing. It's a highly engaging subject that can lead you to a career in anything from law, accountancy, human resources, marketing or business management, to teaching, politics or journalism.

### CONTENT

Business is a dynamic and interesting subject. Throughout this two-year course, you will enhance your commercial awareness and develop a wide range of business-related analytical and entrepreneurial skills. You will investigate different types of organisation, identify investment opportunities and evaluate how markets affect business performance. You'll learn how to understand real-world decision-making processes and critically evaluate the external and internal influences on businesses. Topics you will study include marketing and people, managing business activities, business decisions and strategy and global business.

### ENTRY REQUIREMENTS

Please see the general entry requirements for CTK St Mary's on page 10.

### ASSESSMENT

Your work will be assessed by an exam.

**Did you know that the average salary for Business Management jobs is**

£42,500

INFORMATION, SEE OUR  
WEBSITE: [ctkstmarys.ac.uk](http://ctkstmarys.ac.uk)

## CHEMISTRY A LEVEL

An A Level in Chemistry can be the starting point to a range of careers – from engineering to healthcare. It's a highly engaging subject that can lead you to a career in anything from engineering, pharmaceuticals, or medical research to teaching.

Once you're trained in your chosen field, your qualification will open up a whole new world of possibilities – you could go on to become a forensic scientist, chemical engineer, pharmacologist or even a chemistry teacher, depending on which course you study at university.

### CONTENT

If you have a natural curiosity about the world and a willingness to search for answers, then our A Level in Chemistry will teach you how to find those answers through laboratory investigations and independent research. Your interest and enthusiasm for Chemistry will develop into a genuine appreciation of how science works.

Building on the knowledge you gained at GCSE, you'll learn more about how and why reactions happen. You will study topics such as atoms, elements, bonding, energetics, organic Chemistry and the development of the periodic table.

Chemistry studies reactions and substances from a biological and physical perspective. In order to consolidate your studies, you'll learn how to handle data, think critically and apply your knowledge and processes to unfamiliar contexts. Following on from this, you will have the opportunity to consolidate your knowledge through practical experiments.

### ENTRY REQUIREMENTS

Please see the general entry requirements for CTK St Mary's on page 10.

### ASSESSMENT

You will be assessed by a written examination at the end of the course. The assessment of practical work in Chemistry will be reported separately in a certificate of endorsement.

OVER 70%

of Chemistry students entered a professional or managerial role after graduation

Source: Royal Society of Chemistry: A Future in Chemistry

## Divine – A Level Biology (A), Chemistry (A), Psychology (A), EPQ (B)

"I am studying Biomedical Science at Kings College. I plan to work in the pharmaceutical industry to become a specialised researcher in Human Biology.

All my teachers offered their support and helped me to improve. One of my biggest achievements at CTK was the huge amount of progress I made in Chemistry.

Parent's meetings gave both myself and my parents the opportunity to discuss areas for improvement. It was good having my parents, me, and my teachers all on the same page."

## **CRIMINOLOGY**

### TECHNICAL EXTENDED CERTIFICATE

*(Equivalent to 1 A Level)*

This course would suit you if you would like to take on a career in the criminal justice system such as the National Probation Service, the Courts and Tribunals Service or the Police. As well as studying Criminology at University, you could also go on to study Law, Psychology or Sociology.

#### **CONTENT**

You will study elements of Psychology, Law and Sociology on this course which is designed to offer exciting and interesting experiences. Throughout the course, learners will gain an understanding of why people commit crime, different types of crime, influences on perceptions of crime and an understanding of the criminal justice system – from crime identification through to the final verdict. It offers a fascinating insight into the world of crime, the causes of crime, and how to effectively prevent it.

This engaging course has been designed to encourage students to succeed through the acquisition of knowledge and understanding in purposeful contexts linked to the criminal justice system.

#### **ENTRY REQUIREMENTS**

Please see the general entry requirements for CTK St Mary's on page 10.

#### **ASSESSMENT**

The course is equivalent to one A Level. It is assessed both internally and externally by set tasks and examinations.

## **ENGLISH LITERATURE**

### A LEVEL

An A Level in English Literature can be the starting point to a range of careers – from teaching to law. English Literature is very well-respected if you wish to pursue subjects at university such as English or English Literature, Creative Writing, Journalism, Drama, Media Studies and Law.

#### **CONTENT**

Your A Level English Literature course will develop your critical understanding, enjoyment and appreciation of literature. You will study a variety of texts from different time periods and make connections between these texts.

Studying A Level English Literature will provide you with the opportunity to develop your close-reading skills and will improve your use of critical terminology. There will be an important focus on independent learning and wider reading which will enable you to broaden your literary perspective and understand how literature has changed throughout history. You will also study a range of poetry, prose and drama spanning from pre-1900 to post-2000 and this will include one play written by William Shakespeare.

#### **ENTRY REQUIREMENTS**

In addition to the general entry requirements for CTK St Mary's on page 10, you will also need GCSE English Literature and Language at grades 9-6.

#### **ASSESSMENT**

Coursework combined with end of year assessment.

## **Neve – A Level English, Psychology, Sociology**

"I recommend CTK because the students you'll be involved with are incredibly welcoming and the college community is a great environment to be a part of. The network around me has supported me greatly. My greatest achievement is the newfound confidence and independence I have in myself and my studies. As a Head of Hall, I have helped run events such as community days, charity donations and environmental awareness walks. I'm aiming for a career in Psychology, starting with a degree in Psychology at University of Sussex."

### FRENCH A LEVEL

An A Level in a modern foreign language would be beneficial to a great majority of courses at university and would be particularly helpful if you choose to spend a year abroad.

Modern languages can lead to a variety of exciting careers such as translating, interpreting, finance, law, sales and marketing, engineering, tourism, leisure, public sector, United Nations and European Union, media, teaching (primary and secondary), and linguistics. Additionally, the knowledge of a foreign language can allow you to pursue any career at an international level.

#### CONTENT

This course will help to expand your interest in the French language and culture, as well as develop your linguistic skills. You will focus on a range of historical and contemporary topics which will further develop your understanding of France and Francophone countries.

You will also study French literature and film, which will encourage you to stay up to date with French current affairs. You will also have the opportunity to travel to France, to improve your linguistic skills and knowledge of French culture.

#### ENTRY REQUIREMENTS

In addition to the general entry requirements for CTK St Mary's on page 10, you will also need GCSE French at a grade 9-6.

#### ASSESSMENT

You will be assessed on your listening, reading, writing, speaking and grammar manipulation through translation.

### Sriyuktha – A Level Biology (A), EPQ (A), Maths (B), Chemistry (C)

“During my time here, I have won a Bronze certificate for the UKMT 2022 Senior Maths Challenge, been an Eco-representative contributing to making the campus more sustainable, and worked as a subject ambassador at college events.

I love the community days at the end of each term – a variety of fun activities bring everyone together to end the term on a positive note. Studying here is great preparation for university. I plan to become a Pharmacometrician and am studying Pharmacy at university.”

## **GEOGRAPHY**

### A LEVEL

Your A Level in Geography could lead to a wide range of career paths including conservation, teaching, urban land-use planning, environmental management, overseas development, cartography, climatology and travel writing. Once you're trained in your chosen field, your qualification will open up a whole new world of possibilities – you could go on to become a teacher, town planner, architect, conservation officer or a journalist.

---

#### **CONTENT**

Your A Level Geography course comprises four main topics. These are water and carbon cycles, landscape systems, global systems and global governance, and changing places.

In water and carbon cycles, you will study the physical processes which control the cycling of both water and carbon between land, oceans and the atmosphere. In landscape systems, you will take part in an integrated study of earth surface processes, landforms and resultant landscapes. For global systems and global governance, you will study the greater connectivity between people, places and environments across the globe. In the changing places module, you will further develop your geographical knowledge by conducting research in an area that is local to you.

---

#### **ENTRY REQUIREMENTS**

Please see the general entry requirements for CTK St Mary's on page 10.

---

#### **ASSESSMENT**

You will be assessed through exams and coursework.

## **Aimee – A Level English, Psychology, Sociology**

“CTK's environment is high energy and hardworking. I like having freedom and control over my success whilst having resources available to support me. My teachers are available, always open to reviewing my work and telling me how to improve. I plan to study English with Creative Writing at Southampton University.”

## **GRAPHIC COMMUNICATION**

### A LEVEL

Graphic Communication is an engaging course that leads to careers in fine art, graphic design, motion graphics, fashion, advertising and product design. Art and Design courses are also useful if you are considering a career in such fields as architecture, marketing, publicity, arts administration, animation and the media. Graphic Communication will be of advantage to you if you wish to progress onto a foundation diploma in Art and Design.

---

#### **CONTENT**

Your A Level in Graphic Communication will encourage you to develop a personalised visual language that has clarity, originality and a high level of technical control in order to communicate a message or relay information.

You will explore drawing through digital and traditional methods and will experiment with a wide range of tools, materials and techniques. You will also learn how to use sketchbooks to explore your own creative process by experimenting with imagery and manipulating meanings.

The course will provide you with the opportunity to explore a variety of graphic visual communication methods including illustration, typography and poster and packaging design. As part of the personal investigation component of the A Level, you will be required to produce a minimum 1000 word critical study. At the end of the course, your work will be displayed at the annual art exhibition, which celebrates the creativity of our learners.

---

#### **ENTRY REQUIREMENTS**

Please see the general entry requirements for CTK St Mary's on page 10.

---

#### **ASSESSMENT**

You will be required to produce a portfolio of coursework and separate controlled assignments.

#### **DID YOU KNOW...**

**as a freelance graphic designer, you can earn between £200 and £400 a day?**

**Prospects: Job profile – graphic designer**

## A LEVEL COURSES

### HISTORY A LEVEL

An A Level in History can be the starting point to a variety of careers – from teaching to archaeology, politics, law and anthropology.

#### CONTENT

Your course will help you hone your analytical skills and strengthen your essay writing abilities. To get the most out of your course, you must be someone who enjoys reading, researching, writing, asking questions, and you are also ambitious to develop a high level of skill in these areas. You will also analyse and investigate key historical events and personalities such as the social and political development of Britain in the 19th century and autocracy and dictatorship in Russia.

#### ENTRY REQUIREMENTS

Please see the general entry requirements for CTK St Mary's on page 10.

#### ASSESSMENT

You will be assessed with exams at the end of each year of your course. In your second year you will also complete a coursework unit on civil rights in the USA.

FOR MORE COURSE  
INFORMATION, SEE OUR  
WEBSITE: [ctkstmarys.ac.uk](http://ctkstmarys.ac.uk)

### Daulat – A Level Maths (A), Physics (A), Chemistry (B)

If you are willing to put in the effort to succeed, CTK is the best place to be. The college provides excellent resources and a supportive community to help you reach your academic and personal goals.

With a highly motivated and ambitious student body, CTK creates an environment that pushes you to strive for excellence and achieve your full potential. I'm going to study Robotics Engineering with Industrial Experience at Queen Mary's University."

## INFORMATION TECHNOLOGY NATIONAL EXTENDED CERTIFICATE

*(Equivalent to 1 A Level)*

This is an excellent course to study alongside an A Level, if you are considering a degree or career in information systems, computer animation, website design or database administration. Information Technology is a good pathway to combine with business information systems and project management.

### CONTENT

This qualification is equivalent to one A Level and should be taken alongside other A Level subjects.

The course will help you to select and use appropriate ICT tools and techniques to carry out investigations. You will learn how to capture and handle data, solve problems, make decisions and present information. In addition to this, you will become aware of the impact of ICT on the way people live and work, plan and manage projects and work effectively, independently and with others. Topics you will study include creating systems to manage information, using social media to manage information, information technology systems and website development.

### ENTRY REQUIREMENTS

Please see the general entry requirements for CTK St Mary's on page 10.

### ASSESSMENT

Your work will be assessed by coursework and an exam.

## Isabel – A Level Psychology, Maths, Business, EPQ

“I would recommend going here if you want to feel supported throughout your studies, with lots of resources and quiet places to study. I have valued being able to get one to one time with teachers for any support I need. I've enjoyed achieving high grades throughout my time here, having lots of independence and meeting new people. I want to have a career in banking and my next step is going to study Maths at university.”

## MATHEMATICS A LEVEL

An A Level in Maths can be the starting point to a variety of careers and Higher Education courses – from engineering to accounting. As a highly regarded subject it opens doors to career paths including accountancy, economics, teaching, engineering, medicine, mathematics and computing.

### CONTENT

Mathematics is both a stimulating and challenging subject, which is very highly regarded at advanced level. Both employers and universities will take a keen interest in you if you have successfully completed A Level Mathematics.

Topics you will study include indices, surds, polynomials, coordinate geometry, differentiation, integration, trigonometry, sequences, logarithms, first order differential equations, vectors and numerical methods.

In mechanics, you will also study forces, equilibrium, kinematics, Newton's laws of motion and momentum, whilst in statistics you will study the representation of data, probability, discrete random variables, continuous random variables, hypothesis testing and correlation and regression. To succeed on this course, you must have a strong enthusiasm for problem solving.

### ENTRY REQUIREMENTS

In addition to the general entry requirements for CTK St Mary's on page 10, you will also need GCSE Mathematics at grade 6. You will also be required to show an appropriate knowledge of algebra before being enrolled onto the course.

### ASSESSMENT

You will be assessed by exams at the end of each year of study.

## MEDIA A LEVEL

An A Level in Media can be the starting point to a variety of careers – from journalism to film. As a highly regarded subject it opens doors to a range of career paths including journalism, photography, marketing and advertising, computer gaming or presenting.

### CONTENT

Media is a modern, exciting and innovative course that addresses social issues. Your A Level course will combine your theoretical knowledge with your practical skills. You will also be encouraged to challenge and explore the ways in which media texts have been produced, circulated, consumed and interpreted. In addition to this, you will be required to conduct independent research to solidify your learning.

There are three components to your Media A Level; component one is media products, industries and audiences – during which you will learn to analyse media language and representation in relation to advertising, marketing, music videos and newspapers. You will investigate and develop an understanding of media industries and audiences, and how they relate symbiotically. Component two focuses on the above

concepts in greater contextual and theoretical detail, addressing television in the global age, mainstream and alternative magazines, and media in the online age. Component three is a practical coursework production of a cross-media campaign, during which you will explore how the use of media language and representation can be used to target specific audiences.

### ENTRY REQUIREMENTS

Please see the general entry requirements for CTK St Mary's on page 10.

### ASSESSMENT

You will be assessed through two written exams, each worth 35% of your final qualification. The remaining 30% is assessed through the production of practical coursework.

FOR MORE COURSE  
INFORMATION, SEE OUR  
WEBSITE: [ctkstmarys.ac.uk](http://ctkstmarys.ac.uk)

## Clayton – A Level Graphics, Business, Sociology, EPQ

“With the help of the supportive staff and the opportunities they’ve given me and my fellow students, I have achieved a lot of personal growth.

I have built a solid career plan that I’m confident I can achieve, I have a wonderful circle of friends, and I’m in an amazing place mentally. I’m very excited for my future career in advertising and branding, starting with a degree in Graphic Design at Falmouth University.”

## PHOTOGRAPHY A LEVEL

A Level Photography is an exciting course that can lead to careers in photography, fine art, film, media and animation, photo journalism, fashion photography, advertising and photo graphics. This is an excellent course to study if you wish to go on to become a photographer, architect, journalist or a film director.

### CONTENT

During this course, you will be encouraged to develop a personalised visual language by observing the world through the lens of a camera. You will also learn how to use sketchbooks and digital portfolios to explore your own creative process by experimenting with imagery and manipulating meanings. You will learn a range of both darkroom techniques and digital processes.

You will also collaborate with other students to learn how to use cameras, studio lighting and digital editing software. Your work will be inspired by the study of other artists and photographers through contextual research and visits to galleries.

As part of the personal investigation component of the A Level, you will be required to produce a minimum 1000-word critical study. At the end of the course your work will be displayed at the annual art exhibition, which celebrates the creativity of you and other students.

### ENTRY REQUIREMENTS

Please see the general entry requirements for CTK St Mary's on page 10.

### ASSESSMENT

You will be assessed through coursework and controlled assignments. You will also be required to produce a portfolio of coursework and separate controlled assignments.

## Jonny – A Level Biology, English Language and Literature, Psychology

“Interacting with my peers brought colour to every sixth form day. I’m going on to University of Greenwich to study Biomedical Sciences.”

## PHYSICAL EDUCATION A LEVEL

This course can lead to careers including sports coaching, physiotherapy, personal training and leisure management.

### CONTENT

Your A Level in Physical Education will equip you with the knowledge, understanding and skills relating to the scientific, socio-cultural and practical aspects of Physical Education.

You will analyse how physiological and psychological states affect performance and will develop your understanding of the key socio-cultural factors that influence people's involvement in sport. Topics will include applied anatomy and physiology, skill acquisition, sport and society, biomechanical movement, sport psychology, sport and society and the role of technology in physical activity and sport.

### ENTRY REQUIREMENTS

Please see the general entry requirements for CTK St Mary's on page 10. Students should also participate in club level sports.

### ASSESSMENT

You will be assessed via exams, practical work and coursework, on your ability to perform, as well as your analysis of relevant core skills and techniques as a sports performer, official or coach within a fully competitive situation.

### DID YOU KNOW...

**that a degree in a sports related subject will provide you with a strong foundation on which you can build a career in the sports industry? It will also give you highly transferable business and management skills.**

**Prospects: What can I do with my sports science degree?**

### PHYSICS A LEVEL

A Level Physics is an engaging yet challenging course that can lead to a wide range of careers such as engineering, climate science, astronomy, architecture, radiology, computer science, teaching and medicine.

You will develop, use and apply problem solving, analytical, practical, quantitative reasoning and maths skills to a range of scenarios in order to enhance your conceptual understanding of Physics. Whether or not you want to pursue a science career, these universal skills will be considered an asset by any employer.

#### CONTENT

You will find A level Physics a fascinating course if you are interested in the workings of the universe and the theories that underpin it. A few of the topics covered are particle physics and radiation which consists of understanding the nature of mass, energy and matter and how it relates to the history and creation of the universe. Mechanics looks at forces and motion and why objects move. Other year 1 topics are waves, materials, electricity, and circular and oscillating motion. In year 2 gravitational fields looks at the motion of orbits such as planets and satellites.

Other year 2 topics are thermal physics, electric and magnetic fields, alternating current and transformers, capacitors, and nuclear physics. Practical work underpins all the topics throughout the course. In year 2, you can select your final unit for study from either astrophysics, medical physics, or engineering physics. This choice depends very much on what you have decided to study at university.

#### ENTRY REQUIREMENTS

In addition to the general entry requirements for CTK St Mary's on page 10, you will also need either GCSE Physics or GCSE combined Science at grade 6 or above. Students studying A Level Physics are also required to study A Level Maths.

#### ASSESSMENT

You will be assessed by a written examination at the end of each year of your course.

FOR MORE COURSE  
INFORMATION, SEE OUR  
WEBSITE: [ctkstmarys.ac.uk](http://ctkstmarys.ac.uk)

### Maddison – A Level Business (B), Maths (C), EPQ (A), BTEC in IT (Distinction\*)

“CTK St Mary's is a great environment with friendly people and teachers who want us to succeed. My grades significantly improved during my studies.

I have enjoyed various trips such as to a bank, BT and Barclays, and taking part in various mentoring schemes. I plan to start a Degree Apprenticeship in Accounting and Finance.”

## POLITICS A LEVEL

Your A Level in Politics will open the door to a variety of industries such as politics, journalism, diplomatic service, civil service and law.

### CONTENT

Your A Level in Politics will allow you to hone your analytical and essay writing skills. The course will comprise a variety of different study methods including debates and discussions, independent research and evidence-based questions and essays.

In order to get the most out of government and politics, you will need to have an interest in politics, enjoy debates and consider other people's viewpoints before coming to reasoned conclusions. You will explore the engagement of people with politics, learning how the political institutions of the UK work. You'll also study the ideas that underpin political actions, and which other political ideas have emerged in the last century.

### ENTRY REQUIREMENTS

Please see the general entry requirements for CTK St Mary's on page 10.

### ASSESSMENT

Your work will be assessed by external examination.

**Did you know that the average salary for Politics graduates is**

£32,500

Source: Totaljobs.com: Average salary for politics jobs

## Elhadji – A Level Maths, Economics, BTEC ICT

"I was told that the transition from secondary school to sixth form would be hard, however the staff at CTK, especially my teachers helped make sure the process was easy for me."

## PSYCHOLOGY A LEVEL

An A Level in Psychology can be the starting point to a variety of careers – from counselling to teaching. As a highly regarded subject it opens doors to a range of career paths including counselling, social work, teaching or nursing.

### CONTENT

No prior knowledge of the subject is required to study Psychology at A Level. Psychology is a fascinating yet challenging subject and a very popular A Level and degree choice.

Throughout this course you will learn how to construct logical discussions and how to employ scientific evidence to support or challenge theories on behaviour. You will also extend your understanding of human behaviour and hone your writing, debating and research skills. The following are examples of some of the topics that you will cover over the two years; schizophrenia, romantic relationships, social influence, attachment, psychopathology, research methods and issues and debates.

### ENTRY REQUIREMENTS

Please see the general entry requirements for CTK St Mary's on page 10.

### ASSESSMENT

Your work will be assessed by an exam.

### CTK ALUMNI

"What I enjoyed the most about CTK was being able to meet other like-minded motivated people. CTK is a great environment to develop yourself, as you are surrounded by motivated peers and lecturers who strive to get the most out of you."

**Harrison – Studied A Level Further Maths (A\*), Maths (A\*), Economics (A)**

### RELIGIOUS STUDIES A LEVEL

An A Level in Religious Studies can be the starting point to a variety of careers – from teaching to archaeology. As a highly regarded subject, it opens doors to a range of career paths including law, philosophy, social work, teaching and community work.

#### CONTENT

During your course, you will develop an in-depth understanding and appreciation of religious beliefs and teachings, as well as the disciplines of ethics and philosophy of religion. Your course will be thoroughly engaging and further develop your interest in Religious Studies. The topics you will study include philosophy of religion, arguments about the existence or non-existence of God, the challenge for religious belief of the problem of evil, and the possibility of life after death. You will also take part in debates surrounding the concept of conscience and free will, the influence on ethical thought and its developments in religious beliefs and the philosophy of religion. In addition to this, you will study developments in Christian thought, religious beliefs, values and teachings, sources of religious wisdom and authority, practices which shape and express religious identity, and how these vary within Christianity.

#### ENTRY REQUIREMENTS

Please see the general entry requirements for CTK St Mary's on page 10.

#### ASSESSMENT

Your work will be assessed by external examination.

### SOCIOLOGY A LEVEL

An A Level in Sociology can be the starting point to a variety of careers – from social work to teaching. As a well-respected subject it opens doors to a range of career paths including politics, teaching, law and anthropology. It can lead to several career paths including social work, nursing, teaching, policing, the civil service and legal professions.

#### CONTENT

Your Sociology course will develop your critical thinking skills, encourage you to evaluate sociological thinking and change the way you see the world and your place within it. You will consider Sociology in the context of education, families and households, crime and deviance, beliefs in society, theory and research methods. You will also conduct in-depth analysis of sociological theories and reflect on your own experience of the social world, applying it to your study of society.

#### ENTRY REQUIREMENTS

Please see the general entry requirements for CTK St Mary's on page 10.

#### ASSESSMENT

You will be assessed by three two-hour exams.

### Adeola – A Level Sociology (A), Religious Studies (A), Psychology (C)

"I am delighted with my A level results and look forward to going to my first-choice university to study Social Work this year. I am also pleased to have received the Metric Capital Scholarship which will help me whilst at university. My time at CTK was a life-changing experience due to the extensive range of help, guidance and support made available to me. My teachers inspired me and gave me the motivation to succeed which fuelled my drive for success."

## **BUSINESS** BTEC TECHNICAL ADVANCED DIPLOMA *(Equivalent to 3 A Levels)*

The technical advanced diploma is highly valued by employers and universities. It is a strong pathway to university level courses and careers in subjects such as finance, human resources, management and marketing.

### **CONTENT**

On this work-related course, you will complete projects and assignments that are based on realistic workplace situations, with a focus on finance, ICT, law and marketing. You will visit a range of workplaces and will receive input from many prestigious business partners. You will study topics such as exploring business, developing a marketing campaign, personal and business finance, managing an event, and international business. You will also develop your time management and essay writing skills. This two-year course is equivalent to three A Levels and will equip you with the necessary skills to progress to employment and higher education.

### **ENTRY REQUIREMENTS**

Please see the general entry requirements for CTK St Mary's on page 10. If you do not meet these entry requirements, please see page 30 for other courses which may be of interest to you.

### **ASSESSMENT**

The course is equivalent to three A Levels. It is assessed by coursework and external examinations.

FOR MORE COURSE  
INFORMATION, SEE OUR  
WEBSITE: [ctkstmarys.ac.uk](http://ctkstmarys.ac.uk)

### **Ismaila – BTEC Business (D\*DD)**

“Coming to CTK has been one of the best decisions I have made in my education journey. It's such a great sixth form, with loads of activities and exciting things to do. My teachers have been wonderful and very supportive. I have had such an amazing experience. Thank you CTK!

My career goal is to be a successful property developer and work in real estate. I'm hoping to achieve this by studying at the University of Leeds.”

“CTK is a great sixth form, it has helped me to become the best version of myself. I have gained valuable insight to industry finance through many trips and visits. Throughout my studies I have been encouraged and supported by teachers and support staff. I just want to say thank you for everything. I am looking forward to going to study Accounting and Finance at university.”

**Lewis – Achieved D\*DD (equivalent to A\*AA at A Level) in BTEC Business**

## BTEC & T LEVEL COURSES

### BUSINESS & ADMIN

#### T LEVEL *(Equivalent to 3 A Levels)*

Do you want to be a leader in business? Maybe one day you will run your own business? Business careers can include marketing, HR, law, quality assurance, project management, change management and more.

#### CONTENT

During this 2-year course, you'll obtain the knowledge and skills required to work in a management position, start your own business, or start your career in business such as HR, accounting, management, systems and project management, and more. You will study topics including Business Context, People, Quality Compliance, Project, and Change Management. You can expect to enjoy a 45-day work placement getting familiar with business functions, systems and process as well as attending meetings or dealing with customers depending on the role. You'll be taught and inspired by business experts in our fantastic on-site facilities, as well as learning in the real work environment on your work placement. This will provide the foundation to progress into any sector that requires administrative, managerial or leadership roles in your future.

#### ENTRY REQUIREMENTS

Please see the general entry requirements for CTK St Mary's on page 10. If you do not meet these entry requirements, please see page 30 for other courses which may be of interest to you.

### EDUCATION & CHILDCARE

#### T LEVEL *(Equivalent to 3 A Levels)*

Our T Level in Education & Childcare is a perfect match for you if you're aiming for a career in education or early years care. You can go on to study a range of childcare and education courses at university, a degree apprenticeship, or start work as a playworker, teaching assistant, nurse worker, learning mentor, or in special education needs.

#### CONTENT

This 2-year course provides a choice of three occupational specialisms: Early Years Education and Childcare; Assisting Teaching; and Supporting and Mentoring students in Further and Higher Education. All of these specialisms combine both the on-site training with the 45-day work placement.

This is a great option if you are interested in learning the skills, knowledge and behaviours needed to progress into skilled employment, or higher-level technical training. You will learn a variety of practical and theoretical skills through learning at CTK St Mary's in our state-of-the-art facilities.

You will also get the opportunity to work in an organisation on work placement, where you can put your learning in childcare or education into practice.

FOR MORE COURSE  
INFORMATION, SEE OUR  
WEBSITE: [ctkstmarys.ac.uk](http://ctkstmarys.ac.uk)

## HEALTH AND SOCIAL CARE

### BTEC TECHNICAL ADVANCED DIPLOMA *(Equivalent to 3 A Levels)*

After completing your advanced diploma, you can progress on to degrees in social work, paramedic science, occupational therapy, police, probation services, midwifery, youth and community work and all fields of nursing. This course can also provide access to relevant apprenticeships in care.

#### CONTENT

This course will provide you with an excellent opportunity to develop a good knowledge base and practical care skills for professions within health and social care. This Advanced Diploma empowers you to grow in confidence, improve your organisational skills and mature intellectually. You will study topics such as human lifespan development, working in health and social care, anatomy and physiology, enquiries into current research in health and social care, meeting individual care and support needs, promoting public health and principles of safe practice in health and social care. You will also complete work experience in health and social care.

#### ENTRY REQUIREMENTS

Please see the general entry requirements for CTK St Mary's on page 10. If you do not meet these entry requirements, please see page 30 for other courses which may be of interest to you.

#### ASSESSMENT

The course is equivalent to three A Levels. It is assessed by coursework and external examinations.

## HEALTH AND SCIENCE

### T LEVEL *(Equivalent to 3 A Levels)*

Do you have a mission to improve and save lives? Health careers include nursing, health care, paramedic, occupational health, speech and language therapy, counselling, physiotherapy and more. Other career options involve solving issues we face as a society – through becoming a youth worker, a social worker or a counsellor. You could also go on to teach this subject in a college or university.

#### CONTENT

This exciting new 2-year qualification will give you the experience and skills to be successful supporting health care in nursing or midwifery. The course is focused towards training you to work in the health sector in a front-line role, supporting midwives or adult nurses. There are a number of additional career options available to you when you progress from this course on to degree apprenticeships or full-time university study. After gaining a relevant degree, careers could include speech and language therapy, occupational health, or becoming a qualified midwife, paramedic or nurse.

You will learn in our state-of-the-art health facilities, which includes a careful recreation of a working hospital ward.

The T Level in Health will mix learning at CTK St Mary's with work placements over a 45-day period. You will bring your work placement skills and experience back to your CTK teaching sessions, and you will be able to apply your academic learning while on your work placements.

#### ENTRY REQUIREMENTS

Please see the general entry requirements for CTK St Mary's on page 10.

“My time at CTK St Mary's has been rewarding and enjoyable. I have enjoyed making new friends and working together so we all achieve higher grades. I am thankful for my teachers because they have inspired me to reach my full potential and achieve above my target grades. Completing work experience in a nursery has helped me towards my goal of studying a Degree in Child Nursing at University of Greenwich.”

**Kate – Achieved D\*DD (equivalent to A\*AA at A Level) in BTEC Health & Social Care**

“Whilst at CTK, I enjoyed many of the modules that I studied as they were truly inspiring. We had to complete a media campaign for a music artist which I really enjoyed as this gave me an insight into how media integrates into the music industry. I am now going to study Music Production at Brunel University and am thankful to CTK and the support my teachers provided to me. I have truly enjoyed my time at CTK, and it has helped towards my aspiration of owning my own record label.”

**Angele – Achieved D\*D\*D (equivalent to A\*A\*A at A Level) in BTEC Media**

## **MEDIA (CREATIVE DIGITAL MEDIA PRODUCTION)** BTEC TECHNICAL ADVANCED DIPLOMA *(Equivalent to 3 A Levels)*

This course is valued by employers and universities. On completion of the course you can progress to a degree course such as multimedia, advertising, TV or film. The course also provides excellent opportunities to begin work within the media industry.

### **CONTENT**

The course is perfect for you if your ambition is to work in the media or the creative industries, covering units such as film editing, sound editing, digital photography and advertising production.

You'll develop a broad understanding of creative media whilst building on specialist areas of interest. The course will ensure that you start building the technical skills, knowledge and understanding relevant to working in the evolving, fast moving and exacting media industry. The units also provide a unique insight into employment opportunities, job requirements, and working practices needed to compete in such a highly competitive industry.

### **ENTRY REQUIREMENTS**

Please see the general entry requirements for CTK St Mary's on page 10. If you do not meet these entry requirements, please see page 30 for other courses which may be of interest to you.

### **ASSESSMENT**

The course is equivalent to three A Levels. It is assessed by coursework and external examinations.

**Did you know that the average salary for media related jobs is**

**£42,500**

**CW Jobs: Average salary for Media jobs**

## SCIENCE (APPLIED SCIENCE) BTEC TECHNICAL ADVANCED DIPLOMA *(Equivalent to 3 A Levels)*

This course is a great route to a range of degrees including Biomedical Sciences, Forensic Science, Engineering, Bioscience, Nutrition, Biochemistry, Pharmacology, Radiography and Nursing.

### CONTENT

During this two-year course, you'll study science investigation skills, principles and applications of science, genetics and genetic engineering, physiology of human body systems and electrical circuits and their application. You'll also develop medical physical techniques, laboratory techniques and their applications, investigative science project, microbiology and microbiological techniques and forensic evidence collection and analysis.

### ENTRY REQUIREMENTS

Please see the general entry requirements for CTK St. Mary's on page 10. Additional requirement for Applied Science is a minimum grade 4-4 in the Sciences. If you do not meet these entry requirements, please see page 30 for other courses which may be of interest to you.

### ASSESSMENT

The course is equivalent to three A Levels. It is assessed by coursework and external examinations.

“My ambition is to be a Neurosurgeon after I complete my degree in Neuroscience at University of Warwick. My greatest achievement at CTK is excelling beyond my target grades. My teachers have given me thorough support and have motivated me to work harder. The support systems put in place at CTK are very good and always in the best interests of the students.”

**Christabel – Achieved D\*D\*D  
(equivalent to A\*A\*A at A Level)  
in BTEC Applied Science**

## SPORT AND EXERCISE SCIENCE BTEC TECHNICAL ADVANCED DIPLOMA *(Equivalent to 3 A Levels)*

This course is ideal if you want to pursue a career in sports development, work in coaching and the fitness industry, or business in sport (marketing and sports therapy and rehabilitation). It is also appropriate for progression to teaching roles through specialist degree routes.

### CONTENT

You will develop your knowledge, understanding, practical skills and appreciation of the context in which sports activity takes place. It will help prepare you for university as well as for careers in the sports industry. You will study anatomy and physiology, fitness training and programming for health, sport and well-being, sports leadership, sports event organisation, development and provision of sport and physical activity, coaching for performance, professional development in the sports industry, sports psychology, practical sports performance, application of fitness testing, rules and regulations, investigating business in sport, skill acquisition and research methods.

### ENTRY REQUIREMENTS

Please see the general entry requirements for CTK St Mary's on page 10. If you do not meet these entry requirements, please see page 30 for other courses which may be of interest to you.

### ASSESSMENT

The course is equivalent to three A Levels. It is assessed by coursework and external examinations.

### Daniel – BTEC Sports Science

“My teachers encouraged me throughout my studies which has enabled me to progress to University of Kent to study Sport Therapy and Rehab. The extra curriculum has been really strong, and I have represented CTK in football, basketball and boxing. Teachers always want their students to aim high and be the best they can be.”

## BTEC LEVEL 2 Aspiring Graduate Programme (ASGP)

If you don't yet meet the entry requirements for our Level 3 courses, then our Level 2 courses and Aspiring Graduate Programme can help you get there.

The Aspiring Graduate Programme will develop your self-confidence, communication and study skills. Your tutors will deliver a bespoke tutorial programme, catered to your needs and aspirations and also including English and Maths.

You will be given specialist support with progression onto a Level 3 programme at CTK Emmanuel, CTK St Mary's, or elsewhere. If you want to progress into work, you'll be given support to secure an apprenticeship or job.

We welcome applications from you if you show determination, hard work and a desire to succeed with the support and encouragement we can provide you with. The following subjects are available:

- Business
- Health and Social Care
- GCSE Maths
- GCSE English
- Literacy I
- Numeracy 1

### Entry requirements

You will need a minimum of four GCSEs at grade 3 or above.

FOR MORE COURSE  
INFORMATION,  
SEE OUR WEBSITE:  
[ctkstmarys.ac.uk](http://ctkstmarys.ac.uk)

# How to apply

If you are an ambitious student who wants to pursue your education in a sixth form setting, we look forward to receiving your application. We welcome students of every faith and none, but all students must respect and support our Catholic ethos and values.

Need help deciding which subjects to study? Our friendly careers team can help – email [careers@ctksfc.ac.uk](mailto:careers@ctksfc.ac.uk) to book an appointment.

## STEP 1

Apply to join us at [www.ctk.ac.uk/application-form/](http://www.ctk.ac.uk/application-form/) – please include your most recent predicted GCSE grades and a reference from your school or Year 11 report.

## STEP 2

Keep focused on striving to achieve your best at school. Your reference including attendance, and predicted grades, will play an important role in securing your place with us. Our CTK Graces (Grit, Respect, Awareness, Curiosity, Endeavour and Self-Control) are important traits of all students.

## STEP 3

Attend your interview. This is a great chance to find out more about CTK and for us to get to know you. You'll be sent an interview pack in advance and it's important that you complete the preparation. Bring examples of work you are proud of, records of achievement, and don't be afraid to ask questions!

## STEP 4

You'll receive an offer of a place to study at CTK St Mary's, subject to your predicted grades and a positive report/reference from your school.

## STEP 5

Get to know us!  
We'll email you with lots of opportunities to get to know about your teachers, your course and what you'll be doing when you join us. You can attend taster lessons, Welcome to Sixth Form Days and ongoing careers advice and guidance. Follow us at [@christthekingsfc](https://www.facebook.com/christthekingsfc) on facebook and instagram, [@ctksfc](https://www.instagram.com/ctksfc) on X, or subscribe to our youtube channel.

## STEP 6

Confirm your results in August 2024 to secure your place and start enrolment.

## Open Events

We hold regular open days, online and in person – visit [www.ctkstmarys.ac.uk/open-events/](http://www.ctkstmarys.ac.uk/open-events/) to book your place.

# CHRIST THE KING SIXTH FORMS

Be inspired. Be extraordinary. Be the best you can be
